

SCQF SCHOOL AMBASSADOR PROGRAMME

WHAT IS THE SCQF SCHOOL AMBASSADOR PROGRAMME?

The SCQF School Ambassador programme offers schools the opportunity to learn more about the benefits of the SCQF and the wider ways in which it supports learners such as recognising wider achievement, developing Senior Phase learning pathways in line with the 'Developing the Young Workforce' strategy and giving equality between vocational and academic qualifications.

THERE ARE MANY BENEFITS OF GETTING INVOLVED WITH THE SCHOOL AMBASSADORS PROGRAMME INCLUDING:

- Promotional and publicity opportunities for your school including a 'school inauguration' event where staff and learners receive ambassador badges and a plaque
- Free tailored training for school staff and nominated pupils to become SCQF ambassadors
- Opportunities to participate in 'real life' projects such as developing web pages and toolkits for the SCQF website and designing promotional materials
- Participation in competitions run by the SCQF Partnership
- A thorough understanding of all the benefits of the SCQF for staff and learners as well as parents and carers
- A set of dedicated resources to allow ambassadors to deliver in-house events
- The opportunity for staff and pupils to be involved in events which showcase the different ways in which the SCQF can be used

HOW DOES IT WORK?

Once you register interest, a member of the SCQF Partnership will contact you to explain the programme in more detail and agree a date to come and conduct the training.

Your school will receive in-house training for staff and/or pupils who are interested in becoming ambassadors.

This free training will equip individuals with the knowledge and resources needed to be able to pass on their learning to other school pupils also wishing to become SCQF ambassadors in subsequent years.
